Project Name	Project - News Tracker Application
Maximum Marks	2 Marks

PROBLEM:

We encounter several events of local and national significance every day,
and we rely on NEWS to inform us about them. However, we recently found there
isn't a single platform that does both. As a result, we identified a social need and
created a platform that offers such news in the form of brief films that are taken
from the most reliable sources worldwide.

SOLUTION:

We deliver news in the form of quick videos. Distributing news from a
reliable, trustworthy source everywhere, preventing the spread of false
information. We offer local news in locations where there was already a news
channel.
One platform to read all of his/her favorite local news, dependence on
search engines and social media. We added multiple languages to our platform so
that locals could readily understand it.
